INSTRUCTIONS

1. Apply the prints by applying a heavy layer of paint to the feet or the hand. We used Carnation for the hand and Red Hot for the feet.
2. After applying the paint, immediately press the hand/foot onto the plate. Press firmly.
3. Use your water based marker to write the child's name next to their print.
4. To add the butterflies bodies, apply 2-3 coats of Licorice paint with the liner brush. If you'd like to draw it on with the marker first you can.
5. Use either the word pattern on NCR paper, or a marker to write out your words. Then use either a liner brush or a writing bottle to trace over the words.
6. To apply the hearts on the border, use your liner brush and make letter "V"s alternating between the Red Hot and the Carnation.
7. Finally, use your writing bottle in Licorice to write on the children's names.

TIPS

- When making the hearts, a letter V in paint translates to a heart, and give more uniform hearts than drawing them on.
- The exact colors don't matter, so feel free to vary up the colors as you'd like.
- Pale colors don't make for good prints, so avoid pastel colors.
